ROAD

Driving STEM learning.
Sparkling AHA moments.
Creating pathways to SUCCESS.

News from the Road – December 2022

We Met the Match!

Thank You for helping
us meet the SMI
\$20K Match Challenge

NEWTON'S
ROAD

SMI
SKILLED MANUFACTURING INC.

Thank you Skilled Manufacturing Inc. !

We are thrilled to report that Newton's Road has met the fundraising challenge sponsored by SMI, Inc. Aerospace Division, having received more than \$25,000 in matching donations. In mid-2022, SMI pledged to donate \$20,000 if Newton's Road could raise that much from other donors.

All told, the SMI Match Challenge campaign has raised more than \$45,300, including SMI's \$20,000 match and gifts from 35 other donors. This group includes nine donors who gave a total of \$950 on Giving Tuesday, a Newton's Road record for that day.

There's still time to support Newton's Road!

Our mission promotes STEM Education for young people in Northwest Michigan. It is important to our region's financial health. Estimates indicate 60% of jobs created in the next decade will require STEM skills.

Help us spark STEM interest in the young people that will fill those jobs. Without our work, high school graduates will continue to drift away from their homes to urban centers and our economy will stagnate.

So, whether it's for the joy that a child experiences in discovery and accomplishment or for the economic vitality of Northwest Michigan, please give your gift to Newton's Road this year.

Give online at www.newtonroad.org (click on the Donate button at the top of the page) or mail your check to Newton's Road, 10850 E. Traverse Hwy., Suite 4400, Traverse City MI 49684.

Your gift is tax-deductible and valuable to our mission. Thank you, in advance, for your support.
